Savine

DRAPERY

Savine is a beautifully contemporary sheer defined by its subtle vertical stripe and soft finish. With a generous width of 305cm (usable width 303cm) and a refined blend of 51% linen and 49% polyester, this linen-rich composition delivers an organic, tactile feel, while polyester ensures stability and an elegant, fluid drape.

Perfectly in tune with today's move toward relaxed, natural living, Savine's gentle stripe and tonal depth add quiet interest without overwhelming a space. Available in a curated palette of nine soft, organic hues, it offers a fresh, contemporary aesthetic that layers beautifully across a range of interior styles.
