LINING

Thermaback™ is a plain weave polyester lining offering the dual advantage of practicality and competitive pricing in the market. At the heart of Thermaback™ is a 4 pass coating to assist in filtering light when total light control is required, providing an everyday lining solution. This range becomes an ideal solution for spaces where controlling light and preserving curtain fabric integrity is required.

What sets Thermaback™ apart is its commitment to ensuring an economical option without compromising on performance. The affordability of this product range ensures that everyone can enjoy the benefits of a lining solution without breaking the bank.

Elevate your living spaces with Thermaback™, where innovation meets affordability.
